

# Memorandum

TO : C/OS/TR

DATE: 19 May 1965

FROM : CC/OS/TR

SUBJECT: 25X1A6a  
[REDACTED] Training Program.

25X1A6a 1. The following is material on which you may wish to base a reply to CC/FE from DTR on the [REDACTED] training matter:

25X9A2 a. About a month ago, the 25X1A6a [REDACTED] desk requested we send an instructor TDY to train [REDACTED] prior to the arrival of their case officers. This would have meant six separate programs since the trainees must be compartmented. We informed them this could not be done before September unless they got a special priority from [REDACTED]

25X1A9a 25X1A9a They did make such a request to [REDACTED] but he was, at that time, tied up in the COS Seminar and did not reply. This is probably the reason for the memo C/FE sent to DTR. During the past few days [REDACTED] has looked deeply into this problem and has talked with [REDACTED] the 25X1A9a 25X1A6a [REDACTED] desk officer. [REDACTED] feels that the case officers should be able to train their own agents and should also benefit from the rapport which this brings. If the case officers are not capable of giving this training, they should be trained prior to their departure.

25X1A2d1 25X1A6a b. FE, on the other hand, has decided to solve the problem as follows: [REDACTED] a former [REDACTED] instructor, is going to [REDACTED] 25X1A9a 25X1A6a [REDACTED] as Deputy Chief of Station. They propose that he should supervise the training given by the case officers to their agents. For this purpose, FE is sending a large amount of training materials for [REDACTED] use.

2. Based on the foregoing, PE has sent the attached cable to [REDACTED]. It has been coordinated with [REDACTED]. This apparently obviates the necessity of any IDY instruction unless [REDACTED] strongly objects.
